VIRAT TELESCOPIC LANCE

VIRAT 3MT TELESCOPIC LANCE

VIRAT 5MT TELESCOPIC LANCE

Introducing the Virat Telescopic Lance, your ultimate solution for extending the reach of your spraying tasks in remote or elevated areas without compromising treatment quality.

Available in both 3-meter and 5-meter lengths, this extendable lance is designed to excel in high-reaching spraying and cleaning tasks. It's a versatile tool that grants you access to challenging areas like building facades, rooftops, office windows, large vehicles, hornets' nests removal, palm tree treatment, caterpillar control, moss removal from roofs, and much more.

Crafted from lightweight fiberglass, this lance ensures impeccable control and precision when applying your selected products. It effortlessly attaches to both backpack sprayers and pressure sprayers, thanks to the included Universal Attachment. Additionally, it is easy and comfortable for transportation.

In addition, this Virat Telescopic Lance features a built-in pressure gauge, providing you with precise control over your spraying operations.

Extremely light weight GRP (Glass Reinforced Plastic) extendible lance. Includes trigger and will connect simply to any Kwazar sprayer. Weight for delivery purposes 800g.

BEST WITH ORION SPRAYERS
